

Extracurricular recognition—

On June 1st, 2010 the Academic Challenge for Excellence Foundation (ACE) held their annual banquet at Trumbull High School. Both Trumbull High School and Trumbull Middle Schools academic clubs and teams were recognized. Clubs like DECA Marketing, Keep Connecticut Cool, and We the People, along with academic teams like Academic Decathlon and Web Team. Dan Neumann board member for the ACE foundation said “We gladly support all academic teams and clubs both financially and publicly. We are also very glad to say this year we are supporting the largest number of clubs we’ve ever dealt with.”

This was also the first year the ACE foundation included a video showcasing

all the academic teams and clubs made by three students at Trumbull High. Samantha Mott, Michael Quinn, and Kelly Coughlin spent countless hours editing and putting the video together. All the academic teams and clubs were very appreciative of the ACE foundation and all the support they have provided this year.
